

Sunday, May 1st, 2022

Thank you for registering for our **2022 Team Boca Tryouts**. We have over 900 players participating, once again surpassing all previous years!

Tryouts begin tomorrow, Monday, May 2nd, for several ages, and Tuesday, May 3rd, for all remaining ages. All age schedules are listed on the **Tryout Info page** of our website (link below). This year Boys and Girls Tryouts are at different venues for the first time. Boys are at the Spanish River Athletic Facility, and Girls are at FAU Glades field.

All players **are required to check-in** for their initial session at the registration table **30 minutes prior** for their first Tryout session time (especially the first week of Tryouts due to the number of players) to obtain a player ID # (sticker) to be placed on the front of player's shorts. Players must return with their same ID # sticker for each Tryout session. Players will receive two ID stickers so they have a back-up.

Please remember that all **parents are restricted** from being on the grass area during Tryouts. This will allow players to perform without distraction, as well as allow staff to subsequently review Tryout competition film and clearly hear all player communication. It is strongly suggested that all new players (non-current Team Boca players) attend all Tryout sessions, although not mandatory. This will clearly allow a new player **the best opportunity** to be diligently evaluated with all other players. All sessions are mandatory for current Team Boca players.

Please note that due to our Tryouts this year being over a four-week period there are some Team Boca teams who have qualified for USYS State Cup, Southern Regionals, and even Nationals, to be held over the next two months. Therefore, some teams are still training together for those events and will continue to do so during our month-long Tryout period. Tryouts will be adjusted to allow potential (non-current Team Boca) players **to mix into those training sessions** at various times, as well as also moved into various other training groups for different reasons, sometimes for specific individual player match-up comparisons. Please do not try to figure out the reason why staff may have players placed where they are since that will be impossible to do and can certainly lead to needless frustration. Our coaching staff knows exactly what they are looking for and the reason they have certain players within certain groups, etc., which can change over the course of the four-week Tryout period.

All news, updates, and weather related delays or cancellations **will be posted in real time** to our club Facebook page "Team Boca Soccer Club" and our club Instagram page "teambocasoccerclub". If you have not already done so, please follow/like either page to receive all our news & updates in real time. **You will not receive timely notifications any other way!** If you do not use Facebook or Instagram you can still view all our Facebook posts on the homepage of our website, www.teamboca.com, but you will not receive real time alerts/notifications like you do via our/your social media pages. Note: Similar to league games and tournaments, **we do not cancel Tryouts due to rain**, we continue to play in the rain! Tryouts will only be canceled if the field becomes unplayable (which is unlikely due to the excellent condition of our facilities) or if we have extended lightning delay. Again, if Tryouts are delayed or canceled, **we will only post that notice to our social media pages stated above!**

As in past years, all team roster selections will be **posted to our website within days** after Tryouts have concluded, ASAP.
